

## EarthPulse Testimony

My name is Glen L. Nielsen. I am 72. My wife, Coretta, ordered the Earthpulse system primarily for my extensive arthritis and past injuries as well as for her osteoporosis. That amazing little system is working so well for me that she practically has to fight me to get to use it. It works well for her too. I have tried all modes prescribed in the associated User Manual and they all work great for everything I've been plagued with such as headaches, old separated shoulder injury pain, spinal bone spurs from old back injury, hip injury, old cracked elbow injury, old knee injury, and restless & cold leg syndrome.

I have done some experimentation that really works in Recover Mode-Local Application. Simply tape Solid Core with outer casing, North pole down in the center of a large beach towel, lay face down on a bed with the towel pretty much covering entire body so that the four corners of the towel can be reached to pull the magnet whenever needed. However sometimes it puts you to sleep so Mode Alert needs to be used. In any case, this removes the need for another person to be attending to the movement of the magnet to the desired spot. Also, the towel helps keep you warm in air conditioning if it is big enough.

Please send the second unit so my wife can use one at night while I am using our first unit.

Thanks again,  
  
Glen L. Nielsen

P. S. Please feel free to use this testimony anywhere.

Hi, Paul:

Mrs. Nancy Bible returned her EarthPulse device today due to her primary doctor's order. Her doctor wanted her to stop using any pain-relieving device. It is strange to me too. She had a few ribs broken last year. Since then she woke up every hour during the night. Your EarthPulse did help her sleep better. She told me the first night she could sleep for 5 hours without waking up. But she returned this device with aforementioned reason. I have to return this used device for refunding her. I still have a couple of EarthPulse in my office. When I have only one left, I'll call you for another order. Thanks.

Best Regards, /

Comments:

My greatest benefit has been in a more restful sleep. I don't constantly toss & turn. I sleep a deeper sleep. I didn't sleep longer when 1st trying it as some may do, but had a greater sense of well-being.

I bought the EarthPulse to help with osteoporosis & enjoy the other benefits of deeper sleep. Also use the recover mode to help when my back or shoulders hurt or are sore.
